

## WILSON DUE TO LAND AT 10:30 THIS MORNING

### All Arrangements for Reception of President Complete

NEW YORK, July 7.—Radio messages today from the George Washington, the naval transport on which President Wilson is returning home indicated that the ship would arrive earlier than expected and that the president probably would land at about 10:30 a. m. All arrangements for his reception have been completed and a fleet of small steamers is under charter to go down the bay to meet the transport.

The address Senate Thursday.

Washington, July 7.—President Wilson will address the senate on the peace treaty and the league of nations at 12:15 p. m. Thursday. It was announced today at the white house.

Because a treaty would be under discussion some doubt had been expressed as to whether the senate would be in open session, but it was understood that Mr. Wilson desires that the session be open.

Message is Completed.

On Board the U. S. S. George Washington, July 7.—(By Wire.)—The president's message to the congress on Thursday is completed. The message will take about twenty minutes to read and contains about 5,000 words devoted to the peace treaty and protocols and the work of the peace conference.

It is understood these peace conference subjects are dealt with on broad general lines without taking up the large questions of the treaty in detail as this probably will come later when the foreign relations committee of congress examines the details. The president also will have an opportunity to go over these matters with members of the committee. In this examination of the terms he will have the cooperation of a number of specialists, now returning with the presidential party who have dealt with the detailed branches such as those concerning reparations, territorial and economic questions.

She weather continues hot and humid, the sea is smooth and the sky cloudy. The president will talk this afternoon over the wireless telephone with officials at Washington, establishing the first such with the capital. The wireless telephone has been working during the night and this morning with the naval radio station.

New Brunswick, N. J. Despite unfavorable static conditions, the voices of those ashore were heard distinctly here and conversations were carried on successfully. By means of a mechanical relay at New Brunswick, connection will be established between the president's study on board ship and the white house at Washington.

President Wilson's speech to be delivered at Carnegie Hall in New York City tomorrow afternoon will not be prepared in advance. Questions relating to the peace treaty and the work of the conference will be reserved until the president makes his report to congress.

### PLACES BAN ON HOME BREWING

DES MOINES, July 7.—Attorney General H. M. Hayner of Iowa today declared that manufacture of home made beer for personal consumption is illegal in Iowa and that private brewing must be abolished or prohibition would follow. Some of the home-made beer tested here contained eight per cent alcohol.

### ARMY CONVOY STARTS TO CROSS COUNTRY

WASHINGTON, July 7.—The first complete military motor convoy to attempt a trans-continental journey left Washington today for San Francisco. Col. A. Owen Seaman of the motor transport corps was in charge and it was expected that the trip would be completed within 60 days.

Sixty-three trucks, including ambulances, repair shops and kitchens comprised the train.

The purpose of the trip, as explained by Secretary Baer is to develop a true route from coast to coast for motor transport, and to demonstrate the practicability of long distance commercial transportation by motor trucks. Recruits for the motor transport corps will be enlisted during the journey.

### ADVANCE CREDIT TO CZECHO-SLOVAKS

Washington, July 7.—The Czecho-Slovak republic today received a credit from the treasury of \$5,000,000 making a total of \$55,330,000 advanced to the new government. Advances to the allies have reached a total of \$9,459,525,981, out of a total of \$10,000,000,000 authorized by congress.

### PLANTS REMAIN CLOSED.

Reading, Pa., July 7.—None of the Reading Iron Company's six plants today went into operation this morning, because of a wage dispute. About 3,000 men are

## Yanks Lose No Time Getting Out of Germany

COBLENZ, Sunday, July 6.—By The A. P.—Individuals and the smaller units of the Third army are losing no time in getting out of Germany. All trains are crowded with causal and sleeping car reservations from Coblenz to Paris are booked a week ahead.

The fifth division began moving from Luxemburg, Friday and the Fourth division is scheduled to leave the Rhine sector Tuesday. Next scheduled to move in the direction of home is the second division due to leave the east bank of the Rhine July 15. The officers' club, which played an interesting part in the history of the American occupation was closed Saturday night. The club quarters were in the casino of a private German club, one of the finest on the Rhine. In the six months it was used by the Americans many notable persons were entertained, including the Prince of Wales and General Pershing, who danced with welfare workers and telephone girls in the spacious ball room. Despite efforts not to take money the club has 200,000 marks on hand which will be divided between the Salvation army and army relief associations handling funds for the families of enlisted men.

The Amarco News, the army's daily, will cease publication July 15, after an existence of three months. The newspaper made money from the beginning and will quit with a surplus of more than 250,000 marks, which also will be contributed to some charitable organization interested in army work.

### CHARGE ATTEMPT TO BRIBE ARMY OFFICER

ALBANY, N. Y., July 7.—Monroe L. Barbach, who was arrested late today by a United States deputy marshal and arraigned before United States Commissioner O'Neill charged with conspiring to defraud the government and to bribe an army officer. He was released in \$3,000 bonds.

The indictment against Barbach was found by the federal grand jury at Detroit and it was stated here that five Michigan men were also indicted. The men, it is claimed, conspired to purchase \$6,000,000 worth of government war materials by means of arranged bids and improperly influencing a United States salvage officer.

### HINDENBURG SENDS APPEAL TO FOCH

COPENHAGEN, July 7.—Field Marshal von Hindenburg former chief of the German staff, has written Marshal Foch, appealing for his support of efforts to prevent the extradition of the former German emperor. Von Hindenburg offered to place his own personal "fully and absolutely at the disposal of the allied powers."

Field Marshal von Hindenburg sent a telegram to President Ebert of the German government on Friday, in which the former German commander assumed full responsibility for the war orders and proclamations issued in the name of the former German emperor according to a Copenhagen despatch received in London Saturday.

### GROCCERS CHARGE DISCRIMINATION

CHICAGO, July 7.—A charge of discrimination in favor of packing interests by the United States Railroad Administration which has enabled the packers to increase their business enormously outside the sale of slaughtered animals was contained in a petition filed before the interstate commerce commission today by the Wholesale Grocers Association of America.

The petition asserted that the grocers believed that if they failed to check the alleged favoritism it would only be a short time before the packers would control the distribution of food products now handled by grocers.

It is charged that the packers have procured changes in the tariff of railroad companies permitting them to put into cars of fresh meat various other food products. This, it is claimed guarantees a quicker delivery of produce from the packer than from the wholesale grocer.

### STRIKE SEEMS TO HAVE BROKEN DOWN

RIO JANEIRO, Sunday, July 6.—The strike declared Saturday night on the central railroad of Brazil, the largest and most important in the country, appears to have broken down after having lasted only a few hours. Train service was reported normal this morning. Police and troops were freely used to guard the trains and the non-striking employees.

The collapse of the strike apparently was due to a division among the men of whom only a small part, it is declared, desired to go out.

## R-34 STARTS ON RETURN TRIP WEDNESDAY

### Adverse Winds Delays Work of Overhauling Engines

MINEOLA, N. Y., July 7.—The return cruise of the British dirigible R-34 across the Atlantic ocean will not start until shortly after dawn on Wednesday. The proposed plan to get the gigantic ship away at 5 a. m. on Tuesday was abandoned tonight after local weather conditions which included adverse bumpy winds made it impossible for the dirigible's crew to overhaul the engines during the afternoon. Without such overhauling it would be impracticable for the airship to take off on her venture as quantities of carbon accumulated in the engines during the 108 hours in which the craft was aloft on the unprecedented journey which ended at Roosevelt field here on Sunday morning.

### Thousands See Airship

Tonight the R-34 swung at ease above this flying ground, her graceful hulk, scarcely moving in the gentle breeze, illuminated by great searchlights which made her visible to thousands of spectators who had come here in motor cars, trains and on foot to watch the early leaving. In contrast with conditions as the darkness fell on Sunday the dirigible was not riding in danger tonight.

On Sunday she was suspended with her nose pointing towards the ground and her stern swinging at an altitude several hundred feet higher, in jeopardy of being dashed to pieces on Roosevelt field, sudden gusts of wind acting adversely against her broad surface. This situation does not prevail tonight.

Shortly before 9 p. m., the wind having died down until the atmosphere was listless, a stream of water descended from amidship. As this ballast left the craft the R-34 moved upward slowly. From both sides well forward and toward the under surface, also well forward three wire cables were connected with anchorages on the ground. The stern was left to swing with whatever breeze might stir during the night. There was no possibility, Major G. H. Scott, the commander said, but the stern would rise as it did Sunday night, until her massive form assumed at times an almost perpendicular position. It was explained that on Sunday too water ballast had by mistake been emptied from the stern. Tonight the amount of water ballast left was equally distributed throughout the length.

### Will Carry Mail.

On her return trip the R-34 will act as postman for the United States government. Twenty-five pounds of mail arrived here today from Washington consigned to Major Scott, and 15 more pounds are expected before night.

The ill-luck against which the super-Zeppelin has so gallantly and successfully fought since she began her memorable voyage southward here up to today when a sudden violent gust of wind tore her from her mooring rope and rent a great hole in her envelop.

The accident, although not serious confirmed the determination of her officers to start for home at the earliest possible moment. In the great shed at her home port she is safe from the most violent storm while here open air mooring here exposes her to danger from every strong wind.

### YOUNG GIRL KILLS CHICAGO LAWYER

CHICAGO, July 7.—Benjamin Burr, an attorney was shot and killed in his office today by Miss Margaret Seithamer 17 years old employed as a maid in a West side hotel. She went to the office of the lawyer with Miss Marie Larson, her half sister with the avowed purpose of killing Burr because he had betrayed her, according to the story she told the police. The young woman said that she and her half sister had decided that Burr should pay for his alleged faithfulness with his life. After a brief conversation with the attorney the girl drew the revolver and fired a shot at Burr who sank to the floor unconscious. He died a few minutes after being removed to a hospital. Miss Seithamer made no effort to escape.

### HUNS DISCUSSING NEW CONSTITUTION

WEIMAR, Monday, July 6.—By The A. P.—The German national assembly is still debating the new constitution and has endorsed the article qualifying any male citizen native or naturalized who has attained the age of 25 for the office of president. The naturalization provision was included owing to the realignment of the German frontiers depriving many former German subjects of their nationality.

The constitution provides that the president shall be chosen by the president shall be chosen by

## Gives Summary of Five Transports Appropriations of 51st Assembly

SPRINGFIELD, Ill., July 7.—A summary of appropriations for the fifty-first general assembly together with a comparison of appropriations made by two previous general assemblies was given out here today at the office of Joseph C. Mason, administrative auditor.

Appropriations for the biennium 1919-20 total \$45,111,239, compared with \$34,032,911, for the biennium 1917-18 and \$32,427,623, for the biennium 1915-16. Under the heading of payable from the special mill tax fund are listed the University of Illinois and the state school fund with a total for the biennium 1919-20 of \$62,111,239, compared with \$46,823,911 appropriated for the biennium 1917-18.

According to the summary Governor Lowden vetoed appropriation items totalling \$340,022 which included six armory sites, and buildings totalling \$200,000. A statement issued in connection with the summary says in part:

"Appropriations for the coming biennium include \$5,753,000 for permanent improvement; \$1,823,000 for repairs and \$515,000 for land, exclusive of highway and waterway construction. "The appropriation for salaries and wages shows an increase compared with the previous biennium of about thirty per cent.

"Appropriations of the general assembly include: "Enforcement of search and seizure law \$100,000; tax commission \$92,600; Old Salem Park, \$30,000; social hygiene control, \$100,000; centennial memorial building, \$900,000; state fair \$462,920; constitutional convention \$500,000; history of Illinois soldiers and sailors \$50,000; monuments to John M. Palmer and Richard M. Yates, \$70,000.

"The appropriations for the charitable and penal institutions total \$18,192,433, with an additional sum of \$25,000, re-appropriated from unexpended balances from the last biennium. The university of Illinois has appropriations totalling \$5,499,000.

"It is proposed to finance the state government without any increase in the state tax rate. This is possible by the greatly increased earning of the state department all of which are turned into the state treasury and are available for appropriation by the general assembly. The general assembly passed two measures which will greatly increase the revenue of the state—the corporation law and the law taxing non-resident insurance companies and associations. It is anticipated that these measures will increase the state's revenue approximately \$5,000,000 per annum."

### DECLARE IRISH BODIES UNLAWFUL

DUBLIN, July 7.—(By The Associated Press)—A proclamation has been issued from Dublin Castle declaring all Sinn Fein organizations and Irish volunteers in the county of Tipperary unlawful associations.

This announcement is made in memorandum by the chief secretary for Ireland enumerating a series of crimes and offences in the past year and stating that as the measures already taken have failed to check the Sinn Fein criminal activities the government is compelled to suppress the organization.

### DISCHARGE "GOB" KILLS BANDIT

CHICAGO, July 7.—When four armed bandits today attempted to rob the office of the Chicago and West Town Railway in Oak Park, a suburb, they encountered Rudolph Roeder, employed as a receiver and who was recently discharged from the U. S. navy. Instead of holding up his hands when commanded, Roeder reached for a revolver under his desk and shot one of the robbers dead and frightened the others away, thereby saving \$20,000 of his employer's money which was in the safe.

### ARRANGE TO SELL SURPLUS PROPERTY

WASHINGTON, July 7.—Arrangements have been made by the Emergency Fleet corporation to place on the market all equipment and property that will be needed to carry out its restricted ship building plan, it was announced by the shipping board. Surplus property to be disposed of includes complete manufacturing plants, ship yards, dock docks and ships, completed and on the ways. A large quantity of salvage material and equipment also will be sold.

### EDITOR DIES.

Chicago, July 7.—Adolph Deimling, 53 years old and one of the best known German newspapermen in the middle west died today. He was city editor of the Chicago Abendpost for 15 years. He was born in Germany and came to this country in 1886. He was a brother of General von Deimling of the German army.

### CALL STRIKE OFF.

Florence, Sunday, July 6.—The strike was declared off at midnight Saturday. All is calm in the city.

## Five Transports Land Troops In Gotham Monday

NEW YORK, July 7.—The transports Louisville and Giuseppe Verdi from Brest and Marseilles respectively arrived today with 141 officers and 4,118 troops.

Units aboard included the 138th military police battalion, headquarters and the 216th, 224th, and 271st military police companies; 17th and 84th to 86th depot service companies; 104th, 305th and 313th salvage companies; 73rd, 119th, and 146th companies (transportation corps); 6th and 55th camp hospitals; 521st and 526th laundry units; 254th mobile laundry company; 422nd service park unit; 544th motor transport company; second motor truck company; Liverpool convalescent detachments, numbers 22 to 26 inclusive (from north Russia expeditionary forces) and the 324th repair unit.

Among the casualties aboard the Verdi was Major General Earnest Hinds, 65 of Chicago, and 1,836 men. The Louisville also brought 125 naval officers and 15 "stranded" Americans.

The transport Edgar F. Lusk, en route from St. Nazaire, brought 31 officers and 2,324 troops, representing the 247th provisional battalion, 34th engineer companies D and E 312th supply company, the 810th company (transportation corps) and the 5966th casual company, chemical warfare (New York).

The troops represented the 229th military police company, the 309th and 711th motor transport companies, 341st service battalion, ninth service company (foresters) of 20th engineers and several casual companies.

Only seven brides of soldiers were on the vessel.

The transport Kentuckian arrived from St. Nazaire with 27 officers and 1,825 men. They composed the 106th ammunition train, casual company 1274 and 1281; company G, 22nd engineers; 131st battalion military police corps headquarters, 262 and 292nd military police companies; 95th camp hospital; 98th air service casual companies; first regiment air service mechanics headquarters, 110th signal corps casual company, scattered, 314th and 316th supply companies.

### RUSS VOLUNTEERS SUFFER REVERSE

COPENHAGEN, July 7.—The Estonian bureau announces that the Russian volunteer army which has been marching toward Petrograd has suffered a reverse. The volunteers have been obliged to abandon successively the fortresses of Krasnayaorka, opposite Kronstadt, the town of Koporja and several stations on the railway. The bureau says that the Russian volunteers are now in full retreat.

A London despatch under date of June 18 reported receipt of a Russian Bolshevik government message claiming the capture of Krasnayaorka fortress by the Bolsheviks.

An Estonian despatch, reaching London the same day by way of Stockholm admitted the evacuation of Krasnayaorka after the guns and fortifications had been destroyed.

### PRINTS CITATIONS OF AMERICAN AVIATORS

Paris, July 7.—The Journal Officiel today prints citations of seven American aviators for their work in the Lafayette escadrille. Those cited are William Thaw of Pittsburgh; Kiffin Rockwell (deceased) of Atlanta, Ga.; Robert Subrarian of South Boston, Mass.; Julian Biddle (deceased); Paul F. Baer of Mobile, Ala.; George E. Turnure, of New York and James Norman Hall of Colfax, La.

### RELEASE MINOR.

## CHARGES WAR BILLS FRAMED BEFORE THE WAR

### Graham Alleges Seven Men Formed Secret Government

WASHINGTON, July 7.—Seven men formed a "secret government of the United States," which working "behind closed doors" determined all of the so-called war legislation weeks and even months before war was declared against Germany," Chairman Graham of the committee investigating war department expenditures charged today after reading into the record a digest of the minutes of the council of national defense. The seven men were named by Mr. Graham as Hollis Godfrey, Howard E. Coffin, Bernard M. Baruch, Samuel Gompers, Franklin H. Martin, Julius Rosenwald and Daniel Willard, members of the advisory committee of the council. This commission, he added, was designed by law to act in purely an advisory capacity to the council, composed of six cabinet officers, but the president, he asserted, made them the real executives.

### Prior to Wilson's Speech

After Mr. Graham had read to the investigating committee a digest designed to show that the military draft, food control and press censorship had been discussed by the commission several weeks before war was declared Representative Reavis, Republican, interrupting asked if "all this was prior to the president's speech on armed neutrality in which he said he was not contemplating war."

The chairman answered affirmatively. Later in the recital of the digest, Mr. Graham said that censorship of the council and commission, uttered in senate and house led Mr. Coffin to urge that "a definite channel of contact" be established between the council and congress.

### Says Wilson Violated Law

In brief Mr. Graham's digest charged the president organized the council in violation of the law, and that, in addition to framing legislation, dictated policies to the country, to pursue and "betrayed" "big business." Included in the report read into the record was a letter by Judge Gary, advising the commission it was disregarding the law "supposed to regulate business."

"Behind closed doors, weeks and even months before war was declared," he said, "these seven men designed practically every war measure which congress subsequently enacted. They devised the entire system of purchasing war supplies, planned a press censorship, designed a system of food control, and selected Herbert Hoover as its director, and even determining on the day-light the scheme to pursue."

"Conceived within the law, but brought into existence in absolute violation of law it is not surprising to find this secret government of the United States itself persistently ignored and even violated the law; that it allowed interested parties to fill the prisons of war, that it put the people of the country to incalculable unnecessary expense, and carried things with a high hand."

Goethals Defied Commission. Mr. Graham declared that when Major General Goethals was called "at the eleventh hour to rescue the war department from the public obloquy, which was fast settling upon it as a result of the methods and incapacity of the commission, he repudiated and practically defied it."

"Our soldiers were actually dying of pneumonia in the camps because of lack of proper clothing and blankets," Mr. Graham said "and General Goethals assumed the duties of quartermaster general only on condition he should have free scope in the performance of his duties, unhampered by the council of national defense."

"Immediately he took from the members of that council their power to order purchases and fix prices and soon dispensed with the services of those members of the advisory commission who had so deplorably bungled the control of supplies for the army."

"About the first thing the commission did was to take up the matter of arranging an easy method of communication between the manufacturers and the government," Mr. Graham continued. "In several instances, long before war was declared the commission met with representatives of the manufacturing industries and formed an organization of them for selling supplies to the government."

"This method consisted of having the representatives of various businesses producing goods which the government would have to buy, form themselves into committees so they might be able to sell to the government direct. When war was declared this machinery began to move."

### Plan Increased Cost

"Although this scheme was supposed to enable the industries to deal with the government as one man, the government was at no time able to deal with the industries thru one man and on the contrary thru the war numerous federal bureaus were

## Take Body Of Capt. Fryatt To England

LONDON, July 7.—(By The Associated Press).—The body of Captain Charles Fryatt, executed in 1916 by the Germans for attempting to ram a submarine, was brought to Dover today aboard a British destroyer escorted by vessels of the Dover patrol. The casket on a gun carriage was drawn solemnly from the destroyer to the railway station accompanied by a naval escort and civil authorities. The casket was placed in the station under a military guard for the night. It will be taken by train tomorrow to London where national memorial service will be held at St. Paul's Cathedral.

### Classed With Cavell Case.

The case of Captain Charles Fryatt has been classed with that of Edith Cavell, the British nurse who was executed by the Germans. Captain Fryatt was commander of the British steamer Wrexham on March 28, 1915 when the German submarine U-33 ordered the Wrexham to stop near the Maas lightship. Captain Fryatt, acting as he afterward admitted under orders of the British Admiralty attempted to ram the submarine. The German U-boat narrowly escaped by diving. His exploit was hailed in England as a brilliant one and no attempt was made to keep his identity a secret. Instead the British admiralty gave him a gold watch for his "brave conduct" and he was mentioned in the House of Commons. Thus the Germans learned the identity of the mariner who had attempted to sink their submarine.

### Captured Year Afterward.

More than a year afterward, on June 24, 1916, Captain Fryatt was captured by the Germans, together with the steamer Brussels which he was piloting from Rotterdam to Tilbury—German warships took the Brussels into Zebruge. About a month later, July 28, the announcement came from Berlin that Captain Fryatt had been executed by shooting after a trial before a German court martial. The German official statement declared that the captain was executed for a "franc-tireur crime" against armed German sea forces. The trial was held at Bruges on July 28. The British Foreign office had learned on days previously that Captain Fryatt was to be tried thru the American ambassador in Berlin, James W. Gerard, had endeavored to provide for his defense before the German court. The British government asserted that Captain Fryatt's act in steering his vessel toward the submarine was essentially defensive and that he had undoubted right to do it. It was pointed out that the German prize regulation provided that in case a merchant vessel offered armed resistance the members of her crew, when captured, should be treated as prisoners of war.

### Arouses Indignation.

The killing of Captain Fryatt aroused intense indignation thruout England and the sympathy of all allied governments and people. British naval officers declared there was no such thing as a "franc-tireur" at sea and pointed out that where British captains resisted capture by use of guns mounted on merchant ships, Germany had not court martialled or executed them. British newspapers denounced the execution as "foul and abominable murder." Premier Asquith declared in the House of Commons that England would not tolerate a resumption of diplomatic relations with Germany after the war until reparation had been made for the "murder of Captain Fryatt." He said that the allies were considering what reparation it should be demanded in the peace terms. After the armistice and the overthrow of the German emperor and his government he new government in Germany undertook an investigation of the trial and a German commission declared that the captain did not violate international law. It expressed regret at the rapidity with which the sentence was executed. A marble memorial to Captain Fryatt has been erected in London.

### STOP HORSE RACING.

Chicago, July 7.—Because Attorney General Brundage refused to allow betting, the horse races at the Lake county fair at Libertyville were removed from the program today.

ling against each other for the same supplies, which greatly increased the cost to the government. Under the ministrations of the council, "big business" was highly organized while the government remained wholly disorganized and incapable of protecting itself against flagrant profiteering."

Mr. Graham concluded his statement by saying so far as he had been able to observe from the minutes of the council there had not been an act of the so-called war legislation which had not been discussed and settled upon by the council advisory commission before the actual declaration of war. At times, he said, "the activities of the commission were such as greatly to embarrass the cabinet and it became necessary for the cabinet to protest against them."

## SAY CONGRESS SHOULD REPEAL WARTIME DRY ACT

### Submit Minority Report on Prohibition Enforcement Bill

WASHINGTON, July 7.—Five members of the house judiciary committee in a minority report made public tonight, declared congress should repeal the war time prohibition act or at least lift the ban insofar as it relates to the manufacture and sale of light wines and beer.

### Would Bring up Bill

While this report was being prepared Chairman Volstead of the judiciary committee announced that he had asked for a rule to make the general enforcement bill in order for immediate consideration with a view to calling it up tomorrow in the house. There was no assurance however, that debate would begin at once and the general view was that consideration would go over until Thursday. Mr. Volstead said that so far as he was aware there was no intention of separating the measure so as to put before the house a straight bill for enforcement of the wartime law. The minority report, signed by Representatives Igoe, Missouri, Steele, Pennsylvania, Gard, Ohio, Democrats, and Dyer, Missouri and Classon, Wisconsin, Republicans based its objections to the enforcement bill reported on by the committee upon three principal grounds and challenged the power of congress to pass it because in defining intoxicating liquors it went beyond the original act and was therefore new legislation.

On the general question of the war time act and its enforcement, the minority report held:

Now that the Dempsey-Willard  
fight is a thing of the past nearly  
everybody agrees that the winner  
was almost certain of the victory.  
Why shouldn't a man in the ac-  
tivity of twenty-four find it easy  
to give the knockout blow to a  
man of thirty-seven years? Yet  
most of those who thus philo-  
sophize were not impressed with  
this disparity in ages until after  
the big fight.

The Chicago Tribune all along  
opposed to whisky but not a  
prohibition advocate, is already  
quoting statistics to show the  
relationship of saloons and  
crime. The figures given are for  
the last five days of June and the  
first five days of July as related  
to Chicago. These statistics show  
less crime, that is as related to  
the major crimes, but certainly  
statistics gathered thus early have  
little real bearing on the subject.  
After Chicago has been dry for  
twelve months a comparison of  
crime records will amount to  
something.

**Inside  
Information!**

Unless you buy your clothes NOW—whether ready  
made or tailor made—you are going to pay a much  
higher price for them.  
I have received reliable information from New York,  
the price fixing center of the business world today,  
and learned facts about the cloth business that as-  
tounded me. These facts concern your pocketbook  
from today on.

First: The world is four years behind on the man-  
ufacture of cloth.  
Second: The world, now peace is signed, will place  
cloth orders for nearly twenty million men re-  
turned to civilian life—for twice as many ragged  
people in Europe who still have the money to buy.

Third: By the law of supply and demand, prices of  
cloth in the next ninety days will reach a figure  
which may make it hard for the average man to  
get a GOOD suit of clothes.

Knowing these things I have invested what capital  
I commanded in the best cloth obtainable, American  
and English make. I did more than this, this year.  
I brought to Jacksonville high grade, comparatively  
low priced fabrics never before seen outside of Lon-  
don and New York. I did this because I know there  
is a demand for the cloth in this city.

UNLESS YOU BUY NOW I CANNOT SELL  
YOU LATER—FOR THE REASON I HAVE  
GIVEN—AT PRESENT PRICES.

Consider this also: The foregoing statement is an  
HONEST statement by a Jacksonville tailor, to his  
trade—not to sell goods—but to advise that trade of  
a fact which is to their interest.

If you will drop into the shop I can make this clear—  
you need not buy—if you are interested in clothes—  
in saving money—you better buy NOW or pay a pre-  
mium on your clothes later.

The U. S. is demanding satis-  
faction for alleged attacks and  
inhuman treatment of American  
Soldiers by Japanese soldiers at  
Tientsin last March, and for in-  
sults to the American consul.  
Japan has expressed regret but  
that doesn't seem to satisfy Wash-  
ington. Perhaps this is a case for  
the embryo league of nations to  
settle. Anyhow, it must be re-  
membered that in the relationship  
between Japan and the U. S. there  
are some individuals and influ-  
ences always seeking to start up  
strife and to make happenings of  
an insignificant kind take on  
large importance.

During the war period coffee  
was about the only commodity  
that did not show a large increase  
in price. But in recent weeks  
housewives have ceased to con-  
gratulate themselves over this  
fact, for decided increases have  
come and notice has been given  
that further advances may be ex-  
pected. Nobody seems to know  
whether a "coffee trust" is in  
operation or whether there is a  
real shortage by comparison with  
the world demand.

**CONQUERING THE AIR.**

That was indeed a great achieve-  
ment when the giant British  
dirigible R-34 landed on Long  
Island and completed the longest  
air trip in history. This meant a  
direct flight of 3,200 miles prob-  
ably, and much further because  
of the route necessary from ad-  
verse winds. Just a very short  
time ago such a flight would  
have been thought wholly impos-  
sible.

Today man seems to have al-  
most conquered the air and there  
is no achievement at which man  
long wonders. The greatest sig-  
nificance to the flight is possibly  
in that it brings the U. S. and  
her allies into so much closer un-

**INJUNCTION SOUGHT  
BY LAND OWNER**

John Hodges Files Circuit Court  
Bill to Prevent Overflow of  
Farm from Reservoir Water.

A bill was filed in the office of  
Circuit Clerk Boston yesterday by  
John Hodges, asking for an in-  
junction against the city of Jack-  
sonville and the John T. Wal-  
bridge Engineering Co. Wilson &  
Butler appear as attorneys for the  
complainant and the bill sets  
forth that the lands owned by the  
complainant are about to be sub-  
merged thru the action of the  
city and the engineering com-  
pany in constructing a dam and  
reservoir. The notice was served  
upon Mayor E. E. Crabtree and  
City Attorney John A. Bellati,  
setting forth that an application  
will be made to Judge Norman  
L. Jones in Carrollton Wednesday  
afternoon at 1 o'clock for the  
injunction as prayed for in the  
bill.

Mr. Hodges owns about 46  
acres of land opposite Nichols  
park which is needed for the re-  
servoir and all but about ten  
acres of the tract will be sub-  
merged when the reservoir is  
completed and filled.  
The joint committee of city of-  
ficers and citizens was unable to  
come to an agreement with Mr.  
Hodges who set a price of ap-  
proximately \$500 an acre on his  
land. The joint committee made a  
cash offer which amounted to  
something more than \$100 per  
acre. Subsequently thru their at-  
torney, Mr. Bellati, the commit-  
tee offered to go into the circuit  
court and contest the facts and  
have a jury award the damages.  
Still another offer was made to  
Mr. Hodges, of having him select  
three arbitrators, the committee  
three and these six three others,  
the nine to decide the value of  
the property. Mr. Hodges did  
not see fit to accept any of these  
offers, believing that the price  
he asked for the property repre-  
sented the actual value.

In the bill filed it is set forth  
that the property is in a high  
state of cultivation; that the  
improvements are valuable, in-  
cluding a dwelling house of eight  
rooms, a large barn, two silos,  
besides other improvements. The  
bill further relates the facts  
about contracts having been let  
to the Walbridge Co., by the city  
for the purpose of constructing  
the dam and refers to the authori-  
zation of \$75,000 of water  
bonds together with other facts  
which are generally understood  
and admitted.  
It is detailed in the bill that  
officers of the city have publicly  
stated that the dam will be con-  
structed across the Mauvasterre  
and that lands will be submerged  
and since the right to submerge  
the land has not been secured by  
the city thru condemnation or  
otherwise, the petitioner asks for  
injunction and any further relief  
as equity may require.

**VACATION**

And now the city dweller  
dreams of forests, moors and lon-  
ely fens, of speckled trout in  
mountain streams and rufous deer  
that roam the glens. When sum-  
mer comes with brassy skies, who  
does not long for things like  
these, for outings where the  
mountains rise, or in the shade  
of lordly trees? And surely, men  
who toil and spin for weary  
months, and give their best, when  
rattled by the city's din, should  
have one month of helpful rest.  
One month of loafing in the dells,  
where Nature does her smoothest  
work, and man would come back  
wearing bells, to do his stunt as  
shipping clerk. One month of  
camping in the wild, the office  
chairs all left behind, and man  
would then be reconciled to his  
demonition, beastly grind. One  
month of trapping grizzly bears,  
of catching codfish in the sea, of  
chasing bobcats to the work of three.  
Man would earnestly work workers try.  
Though earnestly we workers try,  
the cost of living is so high we  
have to take it out in dreams.  
The grocer and the butcher still  
insist on having all we earn, so  
we pass up the windswept hill,  
the woodland and the brae and  
burn. The ice man and the  
plumber come to tell how much  
they think we owe; in vain the  
scented breezes hum, we can't  
enjoy them as they blow.

**CAPT. HARDESTY ONCE  
MORE IN HOME CITY**

Returns to Jacksonville After  
Nearly a Year and a Half of  
Service in Medical Department  
of Army.

Capt. T. O. Hardesty returned  
to Jacksonville last night after  
nearly a year and a half of ser-  
vice in the medical department of  
the army. Capt. Hardesty received  
his discharge at Camp Dix, N. J.,  
having returned to the U. S. June  
23, on the Italian steamer  
Raomia, which sailed from Mar-  
seilles.

Capt. Hardesty enlisted early  
in the medical department and  
was commissioned a lieutenant,  
but was not called into the service  
until March 28, 1918, when he  
left Jacksonville for Camp Green-  
leaf at Ft. Oglethorpe, Ga. He was  
there for several months and was  
then sent to Camp Mac Arthur,  
at Waco, Tex. Capt. Hardesty  
had been there only a comparatively  
short time when he was ordered  
to an eastern camp and start-  
ed overseas Sept. 6. He sailed on  
the Steamer Pocahontas with a  
large group of physicians and  
more than 2,000 soldiers.

Influenza was epidemic on the  
journey over and for a number of  
days Capt. Hardesty was the  
only physician who was not ill.  
So it can be understood that he  
had a very strenuous time in car-  
ing for sick physicians and sol-  
diers. Conditions were such  
when he arrived in the French  
port that he was ordered to re-  
turn to the U. S. and he reached  
New York Oct. 14. Ten days later  
he again started on the overseas  
journey and was in France at the  
time of the signing of the armis-  
tice.

Since that time Capt. Hardesty  
has been attached to the first  
depot division at St. Agnes, de-  
partment of the army. He has been  
in service there with one of the  
diagnosis boards. It is the func-  
tion of these boards to pass on  
the physical condition of men  
who are referred to them by ex-  
amining boards. The work has  
been of a kind somewhat tedious  
thru the months but calculated to  
give a physician valuable experi-  
ence.

It was in April of this year that  
the commission of captain was  
awarded and Lieut. Hardesty be-  
came Capt. Hardesty. Those  
familiar with the facts have no  
doubt that the preference was  
in recognition of the especial ef-  
ficiency that the physician evi-  
denced on his first journey over-  
seas when he spent several sleep-  
less days and nights in caring  
for sick physicians and soldiers.  
Capt. Hardesty plans an early  
return to the practice of his pro-  
fession in Jacksonville.

**MISS McDONALD TO  
STUDY IN CALIFORNIA**

Miss Helen McDonald, daughter  
of Mr. and Mrs. Alvin McDonald,  
703 West College avenue, was  
one of the graduates this year  
from the Hollywood Junior col-  
lege at Los Angeles, Cal. This is  
a preparatory school for the Uni-  
versity of California at Berkeley,  
and Miss McDonald will be a stu-  
dent at the latter institution next  
week.

Miss McDonald was a graduate  
of the Jacksonville high school  
four years ago. Her record at  
the county schools had been an  
exceptional one, and following  
the completion of her high school  
course she became a student at  
Illinois Woman's college. In the  
latter institution her record as a  
scholar was an unusual one. Miss  
McDonald's many friends here  
will be interested in knowing of  
her further educational plans.  
She went west with the intention  
of becoming an army nurse but  
following the signing of the ar-  
mistice she became a student at  
the Hollywood college and gradu-  
ated last spring as already in-  
dicated.

2. It's up-to-the-second and a jump ahead. The boys coming

3. It's a John Emerson-Anita Loos Production. That means  
careful writing, masterly directing, brains, action, class, a pow-

4. It's a woman's picture and a man's picture. The women  
will like it because it laughs at the "he-women" who get on

they don't want any third sex stealing their pants.

The revival meeting which has

past ended Sunday evening.

There were large audiences pre-  
sent at all services Sunday  
and much interest was shown in  
the meetings. Many took their din-  
ners and spent the day in the  
shade on the lot where the tent  
was located.

Evangelist Mitchell proved to  
be a preacher of great power. He  
held the close attention of his  
audiences and the meetings re-

**PRICES FOR THRESHING**

One of the threshermen who at-  
tended the conference held at the  
court house Saturday writes the  
Journal that no definite scale of  
prices was agreed to by all those  
present. It is the opinion of this  
man, who lives in the south part  
of the county, that prices should  
be higher this year because of the  
higher cost of supplies, repairs  
and labor. He says that these ad-  
vances have been from 20 to 45  
per cent. He is authority for the  
statement that in some sections of  
the county the prices charged are:  
Wheat, per bu. .... 9c  
Oats, per bu. .... 5c  
Rye, per bu. .... 12 to 15c  
However, according to informa-  
tion previously received, the ma-  
jority of the threshermen who  
attended the Saturday conference  
were of the opinion that last  
year's prices would be satisfac-  
tory.

## A Child Can Safely Buy at This Store

It is the policy and strictly adhered to in this bakery, never to take advantage of a child. We do not try our salesmanship on child by endeavoring to unload something else on the youngster when we do not happen to have just what the mother sent for. For instance, suppose a child was sent for a lemon pie and it happened that we did not have a lemon pie at that time; we do not endeavor to sell the child a pumpkin or a gooseberry pie. Maybe the mother does not like these latter kinds and then there is an angry customer.

In such instances, wherever possible, we call the mother on phone and explain that we have no lemon pies but that we have so and so and ask if another kind will do. This we call service, and this is why a child can safely trade at this bakery. Also we do not deliver over to a child a product that is not absolutely fresh as fresh here means fresh to all alike.

at the best. The heat of summer that provokes us to petulance and bestirs us to yearnings for a holiday awakens in them the same emotions and desires.

If therefore your laundress be one of those who has succumbed to the lure of summer and walked out the occasion should not be one for bickering.

For in the emergency the "Slow and Careful" Finished Family Wash Service is at your disposal.

Their family wash methods conserve as well as clean your clothes. There is no boiling, no rubbing, no scorching and no buttons broken or torn loose. The modern way is one of sousing and rinsing in soft water and suds of pure white soap.

**COMPLETE SURVEY OF WABASH RAILROAD**

Government and Wabash Experts Have Surveyed Road Between Springfield and This City—Found Trace of Illinois' First Railroad.

A number of government and railroad experts have been working out of Jacksonville for several days past, surveying the Wabash tracks between Springfield and this city. The work was completed Monday and the members of the party, sixteen in number, left for Chapin. Later they will proceed to Neelys and thence to Hannibal where the work will end.

The group which has just finished the work here was one of four which is now at work on the Wabash system, and similar work is being done on all railroads under federal control in the U. S.

The surveying is being done for the purpose of estimating the values of the road bed, and the men are required to walk over every mile of the road, measure the track, count the ties, angle bars and bolts, inspect all grades, and place a valuation on all signs and fences along the roadway. Later estimates will be made of the buildings, signal systems, land, machinery and rolling stock of the railroad.

"The men in digging down in the roadbed east of this city found traces of the old Northern Cross railroad, which was the first in Illinois and also the first in the Mississippi Valley. This railroad originally extended from Mercedosa to this city and was later extended to Springfield. At that time the tracks ran thru the public square in this city, and this was the location until the road was taken over by the Wabash. The members of the party stated that this was the most interesting section of roadbed over which they had thus far worked.

## WHITE HALL BOY IS INJURED IN RUNAWAY

Frank Ross Injured Saturday When Horse Ran Away--Community High School Proposition Again Up--Other Notes of Interest from White Hall.

White Hall, July 7.—Frank Ross, aged 13 years, son of Mr. and Mrs. Elliott Ross, received injuries in a runaway accident Saturday that for a time it was thought would prove fatal. In company with Jerald Brown of Alton, they were driving a horse attached to a spring wagon and in crossing a bed of leaves in a pasture where the boys had been looking after cattle, a rather deep impression in the ground caused the animal to become frightened and run away. Young Ross had one leg caught in the wheel, and he received a broken leg at the knee, the knee bone protruding several inches, and he also had a gash in the head and on the nose. He was moved to a Jacksonville hospital, where it was found necessary to amputate the leg between the knee and hip. The other boy, a visitor at the Frank Vandaveer home, near by, was not injured. The accident occurred about 10:30 a. m. Advice from the hospital Monday indicated that the Ross boy had a good chance for recovery. Twelve years ago Brent Ross was killed by the explosion of a toy cannon on the Fourth of July and about four years ago another brother was buried by the overturning of a load of grain which he was loading on the farm in Minnesota. Until Monday reports from the hospital indicated that Frank's accident would result in the third fatality in the family.

The community high school proposition is again being brought up by the action of the voters, according to an announcement by H. W. Shirley, secretary of the board of education. The board received a petition last April to submit the matter to vote, and before the matter was consummated the state supreme court knocked out the law. The law has been made to meet the supreme court's decision and the subject will be pushed in order to bring about a vote on a \$100,000 community high school. The boundaries of the new district having been agreed upon, sentiment seems to be greatly in favor of the proposition, as the congestion of the present school facilities renders additional quarters imperative and the community high school is the most favored idea.

The congregation of the M. E. church Sunday elected C. G. Noeker as delegate and Mrs. R. S. Dickson alternate to the annual conference which meets at Charleston this year on September 17.

Attorney M. Meyerstein, Jr., and Alderman Joseph Geppert were up from Granite City over the Fourth mingling with old home folks. A recital by them indicates a bad state of political affairs at Granite City in connection with the sewer system that is under the direction of a board of local improvements.

Mrs. A. E. Meisenbach and son Edward came up from St. Louis while Dr. Meisenbach went to Oklahoma to look after oil interests. The boy was left with his aunt, Mrs. William Meisenbach at Pearl for the remainder of the summer. Mrs. Meisenbach sang at the M. E. church Sunday morning and several were attracted to the First Baptist church Sunday evening by an announcement that she would sing there but were disappointed. She has been engaged to sing in the Presbyterian church at an early date and her many old friends will be glad of an opportunity to hear her since she has become a popular vocalist in St. Louis.

Mrs. R. C. Barton is nursing a broken nose caused by a jolt while riding in a Ford car.

The White Hall Boy Scouts under Rev. E. C. Lucas and the

Girl Scouts under Miss Vera Evans participated in the pageant at Carrollton on the Fourth figuring very prominently. The delegation comprised thirty of the former and fifteen of the latter. Some soldiers witnessed their work and one of them questioned Rev. Mr. Lucas as to how long he had been overseas. This comment is best appreciated by those who know that Rev. Lucas' military training was previous to the world war. There were no casualties at White Hall on the Fourth our people dividing attention between Jacksonville and Carrollton.

Charles Warner a resident of White Hall for thirty years or more died Friday evening aged about 75 years. Short funeral services were conducted by Rev. A. F. Ewert at the home at nine o'clock Monday morning, and the remains were taken to Marshall, Mo., the former home for burial. A widow survives. T. M. Vossler a relative, arrived from Canonsburg, Pa., Sunday. Deceased had been in failing health for several months. He was an excellent citizen.

David Lemon takes exceeding interest in the recent celebration of the fiftieth anniversary of the completion of the Union Pacific railroad, which was celebrated on Promontory Summit Utah. Mr. Lemon was fireman on an engine engaged in construction work on the road, and he was the first to pull a throttle over the rails that completed the connection with the Central Pacific in Utah. Since then the two roads have become as one, and Promontory Summit has been abandoned for the world renowned trestle that spans Salt Lake, a monument on Promontory Summit marking the spot of the original gold spike with which the road was completed.

The White Hall Post of the American Legion was christened Sunday at a meeting in Princess theatre, but the temporary officers will hold until November, when the regular election of officers takes place under the constitution of the national organization. A charter has been applied for the initial membership being forty. Lynn C. Smith is temporary chairman and Joseph Lyman temporary secretary. The membership is confined to veterans of the world war.

Miss Mary Ellis is ill with fever, developed since her return from an outing at Lake Mantanzas.

Mrs. E. C. Pearce has recovered from a rather serious illness. James McClay is home from California for a respite from college work.

Mr. and Mrs. W. E. Dickson were up from St. Louis for the Fourth.

A daughter has been born to Mr. and Mrs. A. L. McClay, Jr.

Lloyd Winn has engaged in the auto truck transfer business. He has purchased a truck, and has the contract to handle the Adams express delivery business.

### COMMERCE BODY APPROVES CHARGE

WASHINGTON, July 5.—The interstate commerce commission today approved a charge of \$2.00 per car for holding grain and seed sent out for inspection when disposition orders are not furnished before six a. m. of the day inspection is made. As neither state nor federal laws require inspection of hay or straw, the commission approved a flat charge of \$2.00 per car without limitation of time when hay or straw is held for inspection.

Service performed in setting out such cars may not be made the basis of an extra charge and no charge is permissible when cars are inspected on terminal elevator tracks or while held in yards for the convenience of the carrier.

### DISCHARGE 15,000 SOLDIERS A DAY

WASHINGTON, July 5.—Army men are now being discharged at an average rate of 15,000 a day, a war department statement today said. The grand total of discharges to date was given at 2,611,116. If the rate were continued the army would be down to the national defense strength of 233,000 by August 1.9. Enlistments have increased sharply since July 1, the total now being more than 70,000. Nine replacement battalions of 1,000 men each have been sent abroad.

### CHADSEY ACCEPTS OFFER

Chicago, July 5.—Dr. Charles E. Chadsey, whose few weeks tenure of office as superintendent of Chicago's schools ended recently with the appointment of a new school board, has accepted an offer to become dean of the College of Education at the University of Illinois, it became known today. Confirmation of the report was given by Robert F. Carr, president of the board of trustees who explained no announcement had been made because of a request by Dr. Chadsey.

### BURLESON INVITES STRIKE ARBITRATION

WASHINGTON, July 7.—Postmaster General Burleson today invited employees and managers of Pacific Coast Telephone companies to submit their differences which have resulted in a strike, to the wire control board for arbitration. The postmaster general made the arbitration proposal after a conference with Senator helan of California who said that considerable interruption to communication had resulted from the strike. The postmaster general suggested that should both sides agree to arbitration the strike be called off pending hearing of the case by the wire board.

Senator helan told Mr. Burleson that his information from the Pacific coast was that the employees and company virtually had agreed on a wage increase but that negotiations had been halted by differences as to whether the advance should be made retroactive.

### URGES PURCHASE OF R-34 BY U. S.

NEW YORK, July 7.—Purchase by the United States of the R-34 the big British trans-Atlantic dirigible balloon or its sister ship the R-33, as a working model for dirigible development here was urged by Henry Woodhouse, chairman of the dirigible balloon committee of the Aero Club of America in a statement issued here tonight. Mr. Woodhouse added that army and navy aeronautical experts favored the plan.

The R-34 or R-33 he said could be used both as a pattern in building a large airship in the United States and as a practice ship for training a nucleus of personnel for rigid airship service.

### RE-EMPLOY WORKERS.

Houghton, Mich., July 7.—Calumet and subsidiary mines tonight announced the re-employment of all underground workmen. This, it is said, does not mean an increase beyond fifty per cent of nominal in the output of copper but an increase in underground development work. Three thousand men will return to work in the mines.

### ASK POLK TO GO TO PARIS.

### STRIKERS RETURN TO WORK.

Frankford, Sunday, July 6.—(By The Associated Press)—The railway strikers who have been holding up train service in southern and western Germany decided today to resume work, but insist that their demands be met. The workers will hold themselves in readiness for united action in case the government's decision is adverse.

### WANT TEN CENT FARE.

Jefferson City, Mo., July 7.—The Kansas City Railways Co., in an application filed today with the Missouri public service commission asks for a 10c. fare for adults for a single trip and for an order under which tickets can be sold at the rate of two trips for 15 cents. Children under 12 years are to pay half fare. The commission has taken the application under advisement.

### ARREST DIXON MAYOR.

Dixon, July 5.—Mayor Mark D. Smith of Dixon has been arrested on warrants charging assault and battery on William Doan, whom the mayor arrested for too enthusiastic celebration of the demise of John Barleycorn, and for disturbing a socialist meeting on a street corner. The mayor is alleged to have refused to permit the socialist speaker, Edgar Owens, of Moline, to make his address.

Paris, July 5.—Marshal Petain was made a member of the Academy of Moral and Political Sciences today. After acknowledging the honor Marshal Petain in a speech which provoked storms of applause from the distinguished audiences said: "The great war has so rapidly been terminated opens a vast field for the application of moral sciences."

## HUGH P. GREEN HEADS COMMUNITY COUNCIL

Was Elected President of Jacksonville Council — Much Enthusiasm Shown — County Organization to Be Perfected Wednesday Evening.

The community council is progressing finely as was evidenced by a splendid meeting at the court house last evening. The temporary committee has done good work and their efforts are fast bearing fruit. The state

organizer when here some weeks since said it would take seven months to get the enterprise going in this country and now it bids fair to be accomplished in six weeks. Much credit is due the untiring efforts of Mrs. Sherman Leavitt and those who have been working with her. The Jacksonville precinct meeting was held last evening Dr. H. C. Woltman was chosen chairman and Mrs. Leavitt secretary and all was done promptly and in good shape. The first order of business was election of officers and they were chosen as follows:

President—Hugh P. Green.  
First vice president—Mrs. A. L. Adams.  
Second vice president—Abe Wood.

Secretary—Mrs. Sherman Leavitt.

Treasurer—Dr. G. H. Kopperl.  
There is to be a general executive committee consisting of seven members of which the president and secretary shall be two. It was decided to have the president name the other five and they are to be announced later.

By-Laws Outlined.  
The report of the temporary committee was adopted.

Form of organization for permanent community council of Jacksonville presented July 7, 1919, by the temporary committee for promotion of community council.

The temporary committee offers the following by-laws for your consideration:  
Name—The name of this association shall be the Jacksonville Community Council.

Object—The object and purpose of the Community Council shall be to serve as a medium thru which the organizations of Jacksonville can co-operate more fully in their work for community progress.

Organization—The Council shall be composed of one representative from each organization in Jacksonville whose work includes community service, ex-

cluding political organizations and five selected at large.

The membership may be added to from time to time thru the election of representatives from organizations not already represented in the council.

Officers—The officers of the council shall be a chairman, two vice chairmen, a secretary and a treasurer, who shall hold their office for the term of one year and until their successors are elected.

Executive Committee—There shall be an Executive Committee of seven members including the chairman and Secretary who shall be ex-officio members of the committee.

Duties—The Executive Committee shall have full authority to carry on the work of the council, except in those cases where special instructions are given.

Meetings—The Council shall meet every three months and special meetings may be held at the call of the Chairman or at the request of any five members.

A meeting of the executive committee may be called at any time by the chairman of this committee. At least one meeting each month must be held.

Election of the Members of the Council—The term of office shall be one year.

Dues—Each organization represented shall pay annual dues of \$5.00 to the Council.

Vacancies—The Executive Committee shall fill any vacancy which may occur between annual elections and shall appoint members to the standing committees.

Committees—The Council shall determine upon Jacksonville precinct activities for which it shall have standing committees.

Quorum—One fourth of the members shall constitute a quorum.

Amendments—These by-laws may be amended at any regular or specially called meeting by a two-thirds vote of those present.

We further recommend the appointment at once of a committee on Finance, a committee on Child Welfare, a committee on Sanitation and a committee on publicity. The Temporary Committee wishes to suggest the following ideas:

We are interested in: Not what Jacksonville can do for us.

But what we can do for Jacksonville.

We want Jacksonville to be the best American city; its people the best American citizens; its citizens the best educated people; its citizens the most patriotic people. Finally, we want Jacksonville to be first in everything and

every citizen American to the core.

All the county precincts are to be represented in a general meeting to be held at the circuit court room Wednesday morning for county organization. It was suggested that delegates from the various precincts be chosen on the basis of one for each thousand inhabitants and one for each fraction of that number.

The chairman emphasized the importance of unity of action and combined effort by both city and county. Much work is to be done and the more all work together the more will be accomplished.

The chairman appointed Dr. W. E. Spoons, Hugh P. Green and Dr. Josephine Milligan a committee to name delegates to the county meeting.

While the committee was at work the chairman spoke in explanation of the plan adopted by the temporary committee. He told how he went before the city council and county board and urged the employment of a sanitarian, a doctor at a fair salary to attend exclusively to the needy sick ones and look after health matters generally and paid so that he could do no other practice.

Delegates Named.  
After due deliberation the committee nominated the following delegates to the county gathering:

Abe Wood, J. S. Findley, W. E. Spoons, Hugh P. Green, Dr. G. H. Kopperl, Mrs. O. P. Bue, Mrs. Mason, Lee Stice, E. McPhail, Dr. Josephine Milligan, Rev. M. L. Pontius, Mrs. Parker, Doan, Dr. E. D. Canaty, Mrs. Nannie Blue, W. J. Brady.

Dr. A. L. Adams and Dr. H. C. Woltman, delegates at large.

There was a fine representation and much enthusiasm was manifested and it would seem as if the enterprise was well under way.

J. H. Hubbs of Yatesville precinct wrote that he would be on hand from his precinct and he earnestly hoped no other would fail to be present.

The work to be done is great and it is capable hands as far as Jacksonville is concerned and doubtless the other precincts will show up well.

## Funerals

Bayless.

The funeral of the late Mrs. L. F. Bayless was held from the Concord Christian church, Sunday afternoon at three o'clock after a brief service at the house, Minister J. W. Camp of Ancona, a former pastor, had charge and was ably assisted by C. G. Cantrell of Chapin, a former pastor, and Rev. Thomas Symons of the local M. E. church.

Rev. Mr. Camp delivered a very able and comforting sermon to the audience that much more than filled the church. The music was in charge of a quartette composed of Miss Eva Abernathy, Mrs. F. M. Dober, R. Earl and Roy Abernathy, with Miss Helen Yeck at the piano. The songs were "Rock of Ages," "Jesus Lover of My Soul," "Ere You Left Your Room," "What a Friend We Have in Jesus," Merle Abernathy also sang a beautiful solo called the "Sparrow Song."

At the cemetery the service was made very impressive by a song by the quartette, "The Years Are Rolling On" and the service as recited by Minister Camp. Mr. Symons gave the benediction. The many flowers were kindly cared for by Mrs. W. H. Williamson, Mrs. Lena Brockhouse, Mrs. G. F. Lewis and Miss Carrie Destrict. The bearers were Mrs. Mary Hutches, William Willard, L. H. Callaway, W. C. Callaway, W. C. Brockhouse, P. R. Leonard and J. Z. Fox. Burial was in Concord cemetery.

Addie May Johnson, daughter of Mr. and Mrs. J. W. Johnson, was born near Concord, Ill., August 16th, 1864. In this community she grew to womanhood, obtaining her education in the public schools. She was united in marriage to Luther F. Bayless, Dec. 21, 1882. In February, 1883 she united with the local Christian church, under the ministry of J. E. Nicholson, and has been faithful to her Lord all these intervening years. The welfare of the church was ever uppermost in her mind, and to see it progress was the earnest desire of her heart. She has been afflicted for a number of years, becoming helpless about three years ago. She departed this life, July 3, 1919, at the age of 54 years, 10 months and 17 days, Brights Disease being the immediate cause of her death. She leaves to mourn her departure her husband, one son, Charles O., and one daughter, Mrs. Adella Cooper, who has been with her parents since the death of her husband, Edgar Cooper about 18 months ago; Three sisters, Mrs. Hoover, Miss Carrie Johnson and Mrs. Roberts, one grandson, Edgar Othello, her aged aunt, Mrs. McCarty, of Moweaqua, one niece and one nephew, many other relatives and a large circle of friends.

For 29 years Mrs. Bayless resided on a farm near Hopewell school. On account of ill-health they removed from the farm to a new home in this village. She bore her affliction with Christian fortitude and patience. Her physical suffering only served to increase her faith. No murmur escaped her lips. She was perfectly resigned and anxious to depart and be with her Master. Realizing the end was near she made all of her funeral arrangements, choosing songs to be sung, and selecting six of her former teachers to bear her body to its last resting place. Her first teacher is now Mrs. Mary Hutches of Chapin. The esteem in which Mrs. Bayless was held was evidenced by the many floral offerings and the exceptionally large attendance.

## Social Events

Opportunity Circle of Grace Church Met.

Members of the Opportunity Circle of Grace M. E. church, the class taught by Mrs. F. B. Madden, were entertained Monday evening at the home of Mrs. W. H. Cocking, 326 Sandusky street. The assistant hostesses were: Miss Ida M. Lee and Miss Luella York. The Cocking home had been decorated with flowers for the occasion and presented a very attractive appearance. Mrs. L. D. Meldrum, president of the class, presided and Mrs. J. Edgar Martin led in the devotional exercises. There was no formal program but a number of business matters were discussed and then the members enjoyed a brief time with games and conversation. Delicious refreshments were served during the course of the evening.

It was decided to hold the annual picnic some time during the first week in August. The picnic will be held at Nichols park according to custom, and the exact date will be announced later.

Entertained Company of Friends.

Miss Helen M. Frost entertained a company of friends at her home six miles east of Winchester Wednesday evening. Fireworks, music and games were the main features of the evening. At a late hour excellent refreshments were served. Those present were Miss Alma McCullough of Riggs, Misses Nelle Gibbs, Irene McCullough, Grace Leach of Winchester; Misses Fannie Masters, Ethel Masters, Edna Coultas, Margaret Heaton of Lynville; Misses Amelia Carlson, Mildred Henderson, Anna Frances Bradley, Mary Moxon, Alleen Switzer, Vinna Switzer, Evanda Potter, Fernie Potter of Jacksonville, Miss Marie Bussey of Woodson, Misses; Gladys and Mary Rays of Missouri; Mr. Paul E. Markille, Clyde North, Everett Gibbs of Winchester, Joyce Masters Fred Masters, Fred Stringer, Harry Stringer, James Heaton, Sherman Coultas, Wilbur Gibbs of Lynville, Mr. Lawrence Hemerson, Harry Howard, Clyde Owens, Floyd Owens, Harold Jewsbury, Roy Switzer and Yates Potter of Jacksonville.

GUESTS AT COUNTRY HOME

Miss Amanda Smith and nephew, Maxwell Halsted of 315 West College avenue, spent Saturday evening and Sunday with Herman Shumaker and family west of this city. Miss Helen Frost of Winchester and Mr. Wilbur Gibbs of Lynville also spent the day there.

Family Gathering at Moxon Home.

A very pleasant gathering took place at the home of Mr. and Mrs. Frank Moxon east of Woodson Sunday, when a number of their friends and neighbors came to spend the day with them. At the noon hour a most excellent dinner was served and the afternoon hours were spent in a delightful social way. The company included Mr. and Mrs. John Moxon and family, Mr. and Mrs. A. N. Hall, Mr. and Mrs. George E. Hall, Jordan McAlister and family, James Hogue and family, Mrs. Harney, Clyde Owen and Francis Gilmore.

Literberry People Went On Fishing Trip.

A number of Literberry residents had a very enjoyable outing on the Fourth of July. They left at an early hour for a point near the home of M. Huntsmeyer below Arenzville, and spent the whole day fishing. They took along an ample supply of eatables for dinner and in the evening they tried the fish which had been caught during the day and had supper. The return home was at a late hour in the evening, all having pleasant recollection of the day. The only accident which in any way marred the day was the loss of a hat by one of the young women of the party. The picknickers were Mr. and Mrs. Luther Cooper and daughter, Miss Barbara; Mrs. John Young and daughter Miss Helen; Mr. and Mrs. C. T. Berry, Alonzo Ratliff and Claudine Ratliff.

### ELKS WILL ENTERTAIN FOR SOLDIER MEMBERS

All Members of Urged to Be Present to Give Brothers Returned from Service a Welcome—Good Entertainment Promised.

Tomorrow evening Jacksonville Lodge No. 682 B. P. O. E. will entertain for the returned brothers who have been in army and navy service during the great world war.

Exalted Ruler McVicar said last night that it was hoped every member would be present on this occasion and thus give the returned brothers a cordial welcome and show them that their services to the government were appreciated.

J. Bart Johnson has provided an orchestra for the occasion and the Elks quartet from Taylorville lodge will be present. This is a professional quartet and is one of the best in the business. There probably will be stunts by local talent.

Otis Hoffman chairman of the entertainment committee has provided something for the inner man and the affair promises to be a banner event in the history of Jacksonville lodge. It is urged that all members be present at the appointed hour.

### TUMAGA CAMP FIRE. HOME FROM OUTING.

The Tumaga Camp Fire girls have returned from a pleasant week's outing which was spent at the cottage of Dr. W. P. Duncan at Wilcox lake. The outing was made possible by the kindness of Dr. Duncan who furnished the cottage free of charge and he and George W. Imgrund took the girls to Wilcox in their cars. They report a delightful time.

### ELLIOTT STATE BANK

All deposits made in the Savings Department of this bank during the first 10 days of July, will draw interest from July 1.

### AT LAKE MATANZAS

Dr. Griswold and family drove to Matanzas from Jacksonville Monday and found that the San-gamon has receded and that there is no water across the roadways. Last week high water north of Chandlerville made the road almost impassable for travel.

E. C. Roach and family are spending this week at Elsinore cottage.

Herbert Capps and family are at the lake for the week, located near Lakewood.

### JUST RECEIVED

**ERROR IN FIGURES**  
Recent mention was made at June supper given by the Christian church of Litterberry. The total receipts from the supper were \$266 and the net amount was \$196. The figures previously given indicated that \$196 was the gross receipts.

**BIDS FOR COAL**  
Sealed bids will be received by the city council until 12 o'clock noon, Monday, July 21, 1915, for coal needed at the south pumping station and the municipal light plant. Bids are asked on 11-2 inch lump and mine run coal delivered at the pumping station, and 1 1/4 inch screenings delivered at the light plant. The right is reserved to reject any or all bids.

### CITY CLERK PYATT IS AGAIN ON JOB

Attended First Meeting of New City Council and First One Since His Illness—Many Matters Were Taken Up at Session—Bids Asked For Coal.

City Clerk R. L. Pyatt who was ill several weeks last spring and who has since been under the care of his physician attended the first council meeting Monday evening. Mr. Pyatt was given a cordial greeting by the aldermen and performed his duties in his usual satisfactory manner though he has not as yet gained his former strength.

The council had many matters up for discussion. Among other things was the North Church street pavement which is not progressing at a rapid rate. The clerk also was instructed to advertise for bids for coal for the light plant and pumping station for the ensuing year.

City Attorney Bellatti presented a communication relative to the ordering of the building of pavements by the city council. Mr. Bellatti's communication stated that the city council had the right to lay walks and that the passage of an ordinance was a virtual condemnation of the walk in front of a property. This places the burden of proving that the walk is in good condition upon the property owner.

**The Proceedings.**  
The city council met in regular session with all members present at roll call except Ald. Ebnie. Mayor Crabtree presiding, R. L. Pyatt clerk. The minutes of the last regular meeting were read and approved.

The communication of City Attorney Bellatti was then presented relative to sidewalks. Mr. Bellatti made it plain that the council could order a walk by ordinance in front of property where there is no walk, where the walk is not adequate for the traffic or where the walk is in bad condition. In the later case the burden of proof is upon the property owner.

A letter was read from Mrs. John R. Loar protesting against the changing of the grade in front of her property which made it impossible to use the driveway. The matter was referred to the highway committee with power to act. Ald. Ebnie came in at this point and took his place in the council.

**Officers Reports.**  
The reports of officers were then read as follows:

H. C. Clement city treasurer reported a balance of \$2,799.45 in the general fund June 30.

W. H. Cobb water superintendent reported water rent \$3,118.58 meters sold \$50. Taps sold \$21. Repairs \$21.71. Junk \$72.32. Total \$3,282.61.

R. L. Pyatt city clerk reported Diamond Grove cemetery \$759.95, Jacksonville cemetery \$138.10, clerk's office \$166.50.

Dr. A. M. Kinn health warden reported a total of 31 deaths. Male 13, female 18, by wards: First ward 3; Second ward 1; Third ward 4; Fourth ward 18. Deaths in city 16. Jacksonville State Hospital 15. Residents 11, non-residents 20. Under one year 1. One to five years, 2. Five to twenty years 2, twenty to fifty years 6, fifty to seventy years 13, over seventy 7.

The reports were ordered received and placed on file.

Claims were then presented and all those properly approved were ordered paid when funds are available.

The matter of insurance on city property was discussed at length at this point. Ald. Graff finally suggested that the mayor should have charge of the insurance and this was concurred in by the council.

**Ordinance to Acquire Land.**

An ordinance was presented by City Attorney Bellatti providing for the acquiring of land belonging to John Hodges for reservoir purposes. Mr. Bellatti said that the citizens' committee had been unable to reach any agreement with Mr. Hodges. The ordinance provided to acquire the land by condemnation proceedings. It carried an emergency clause which was adopted as was the ordinance.

Mayor Crabtree at this point took occasion to compliment the police committee and highway committee on the good work done in connection with the Homecoming celebration. He also thanked William Barbre for sprinkling the streets.

**Bids For Coal.**

The clerk was instructed to advertise for bids for coal for the light plant and pumping station, bids to be in July 21 at 12 o'clock noon.

Mayor Crabtree reported that the financial statement was ready but that he would like to present some figures from the various committees in connection with it and suggested that the council when adjournment was taken adjourn to Thursday evening at 7:30 o'clock.

Estimate No. 2 of the John T. Walbridge Engineering company for \$3,663.50 was presented and ordered paid.

**Street Pavements.**

Commissioner White reported that the work of grading unpaved streets was progressing. Mr. White also called attention to the wood block paving buckling in West Morgan street east of the Courier office and in South West street in front of the Fox implement house. The clerk was instructed to notify Mr. Bretz the contractor to make the necessary repairs and also to answer the council's inquiry about the East State street pavement.

Mayor Crabtree was instructed to write Mr. Bretz and ask him to send a foreman here who will be in charge of the paving.

John T. Walbridge was present and told the council that work was progressing satisfactorily on the dam and that if the dry weather continued he would put some motor trucks at work.

Mr. Craig was present and called the council's attention to the service on the North Main street car line. Mr. Craig said that when they had a big day at Nichols park circus that they pulled the cars from the North Main line and gave residents in the north end of the city no service.

Ald. Graff then moved that the council adjourn until Thursday evening at 7:30 o'clock and the motion carried.

### COUNTY FARM IS IN GOOD CONDITION

Journal Reporter Makes Visit There and Finds Things in Good Condition Under Superintendency of George Stice—Crops Look Good—Inmates Well Cared For.

In company with the county commissioners the writer visited the county farm yesterday evening and went over the place and took some notes of what is being done and how they are doing it.

The wheat crop consisted of 25 acres and promises very well. Mr. Stice, the superintendent, believes in stacking and already has the crop thus cared for so he can thresh when he gets ready. There is 25 acres of oats promising very well tho a little down in a few places. The crop will be ready for the binder this week.

There are twenty acres of fine timothy meadow which Mr. Stice thinks he will let ripen and cut it for seed. The corn crop comprises some 65 acres and the greater part of it looks fine. There is a part that is rather small but the most is good. It has been laid by after four cultivations. A ten acre clover pasture supplies fine feed for the cows.

In live stock the farm is well off. There are six good cows, four fall calves, two yearlings and a fine Short Horn bull. The hogs are the most promising feature on the farm. The Poland China breed is preferred and there are some real beauties to be seen. The sire of the herd is a fine animal. There are 25 brood sows, some due to farrow soon, forty good shoats and 35 weepigs, one sow mothering twelve. There is a good concrete feeding floor and a good crib of corn.

The orchard is getting old. The dead trees have been cut out and the others should be thoroughly trimmed. New trees have been planted in place of the dead ones and a large addition made to the orchard, some 600 apple, peach, pear and cherry trees having been planted. There was quite a good cherry crop this year and the good housewife put up fifty gallons.

The house was inspected and looked well. Some greatly needed painting is being done in the wards and it will be a fine improvement. There are about 35 inmates and all looked well cared for and contented. Of course the apartments of these unfortunates can't be expected to look as well as a bedroom in a well ordered home but all seemed comfortable. The living rooms of the family are very pleasant and well ordered, showing Mr. Stice to be a housekeeper. The apartments were all cheerful and well kept. The kitchen and dining room were well ordered and the cooking place for the inmates was clean and well kept. Mrs. Stice also with pardonable pride showed a large kettle of soap she had been making largely from fat scraps saved from the tables. She expects to make several more and have enough for their own use and possibly more.

In general it may be said that the establishment seems to be in good hands. The machinery was well cared for and the buildings all showed constant care.

**ATTENTION, ELKS**  
Jacksonville Lodge No. 682 have arranged to entertain their returned soldier and sailor members, Wednesday evening July 9th. Special entertainment has been provided and will start promptly at 8 p. m. All soldier and sailor members are urged to be present. All members welcome.

### FORMER SCOTT COUNTY RESIDENT DIES

J. B. York Passed Away at Paris, Texas, at Age of Seventy Seven Years—Miss Ann Kellem is Bride of Charles Jones of White Hall—Other Scott County News Items.

Winchester, July 7.—A message received Monday by W. A. Wells stating that his uncle, J. B. York, had passed away at Paris, Tex., the evening of July 6. Mr. York was born in Scott county seventy seven years ago. Later his home was on a farm near Deatur, and when the Civil War broke out he enlisted in the 116th infantry and served for three years. Mr. York was one of those who went with Gen. Sherman in his famous march to the sea. Subsequent to the war Mr. York was engaged in the lumber business and later in cotton growing, real estate and banking.

The funeral service will be held at Memphis, Tenn., Tuesday. Mr. York had been in poor health for a year but had written that he was improving and was expecting to visit Mr. Wells and daughter, so the message of his death came as a great shock.

Hardin Howard, wife and two daughters of Kansas City are visiting at the home of George Thomas and family. They motored here from their home and will later visit in Nebraska and then go to New Mexico.

Felix Gordon and wife of Murrayville were visitors at the home of Dr. L. R. Day and family Sunday. Gordon Day returned home with them for a visit.

Mrs. Grant Mader was a visitor at the home of Mr. and Mrs. Alonzo Ellis in White Hall Sunday.

Dr. John Weiser and family motored from their home in St. Louis Saturday and visited at the home of Jesse Weiser until Monday.

Dr. C. A. Evans and G. H. Killpatrick of Bluffs were business visitors here Monday.

Joseph Patrick and wife moved to their new home which was recently purchased from J. A. McKean. Mr. McKean and family have moved into the A. C. Smith home.

### FRED MAY IMPROVING.

Mr. and Mrs. Carl May of Lynnville returned Monday evening from Springfield where they went to see Fred May who is now a patient at the Dr. David Prince hospital in that city. Mr. May it will be remembered, was injured while at work at Kellogg's last Wednesday, a piece of steel striking him in the eye. It was at first feared that the eye would have to be removed owing to the severity of the injury but there is a possibility now that some of the sight may be saved. The stitches were removed yesterday and Mr. May is reported as resting as well as could be expected.

### SUNDAY SCHOOL PICNIC

T. W. Murphy of Concord was in the city yesterday making arrangements for the annual picnic of the M. P. Sunday school of Concord. It was decided to have the picnic in Nichols park Thursday afternoon and bring in the members in autos and have a general good time.

### LITERBERRY PASTOR ACCEPTS NEW CHARGE

Rev. H. C. Smith, who has been the pastor of the Baptist church at Litterberry for the past year and a half, has tendered his resignation and will leave soon for a new charge at LeMars, Iowa. Rev. Mr. Smith will preach his farewell sermon next Sunday, at which time the members and friends of the church will hold an all day meeting in his honor. At the noon hour a basket dinner will be served. During his pastorate at the Litterberry church Mr. Smith has made many friends, all of whom are regretful that he and his family are to leave the community.

## Now is a Good Time to Drive Out Catarrh

It May Not Be Troubling You During the War Weather, But it is Still in Your Blood.

Catarrh is not only a disgusting disease but is a dangerous one, and you should never let up in your efforts to get out of your system until you have done it thoroughly. Get rid of it, whatever it costs you in trouble and money. Mild weather will aid the treatment and this is an excellent time to thoroughly cleanse the blood of the germs of catarrh and be forever rid of the troublesome sprays and douches that can only relieve you for the time.

S. S. S. is a purely vegetable blood remedy, made from roots and herbs direct from the forest, which combat promptly disease

germs or impurities in the blood. This great remedy has been used for more than fifty years, with most satisfactory results. It has been successfully used by those afflicted with even the severest cases of catarrh. It relieves catarrh thoroughly, for it treats the disease at its source. S. S. S. is sold by druggists everywhere.

For the benefit of those afflicted with catarrh or other blood disorders, we maintain a medical department in charge of a specialist skilled in these diseases. If you will write us fully, he will give you a case careful study, and write you just what your own individual case requires. No charge is made for this service. ## FINAL TAPS SOUNDED FOR CAPT. J. E. WRIGHT

Civil War Veteran and Pioneer Resident of County Died Sunday—Was Prominent in Business Political Life of Community—Funeral Today.

Captain John E. Wright, a brave soldier of the great war and a sterling citizen quietly passed away at his home on South Diamond street at 3:45 p. m. Sunday.

He was born about two miles east of Murreyville, July 11, 1842 and was the son of John Siley and Eliza Wright. Murreyville precinct was his place of residence until 1900 when he removed to this city where he has since resided.

During the stirring days of 1861 the patriotic spirit of a number of Morgan county men called for something more than words and there being no opportunity at the time for serving in Illinois commands a company was formed and became a part of the famous First Missouri Cavalry. The company was recruited by Barbour Lewis, a prominent and well known citizen, James Burnett of Waverly was first lieutenant and George W. Moore second; Thomas W. Snelling was first orderly and was succeeded by W. A. Kirby and he by C. W. Mathews. When he, Kirby, went to organize another force, J. E. Wright was corporal at first and later second sergeant while other

members of the company were George W. VanZandt, John W. Melton, James Magill, W. H. Jordan, John Brown, George Glenn, Henry Maul of this vicinity. The line officers of the regiment were Col. Ellis of St. Louis, Lieut. Col. Lewis of Carrollton, Majors Hubbard Barger and Jocelyn. The command did active service in Missouri among the guerrillas and none were braver than Sgt. Wright. He was almost reckless fearing neither man nor devil but seemed to possess a charmed life for while he was always in with every dangerous expedition and his horse was hit a number of times, he escaped without injury.

When his time was out as a member of the cavalry command he went into Co. E, 48th, Illinois Infantry serving much of the time as captain of the company. Here he served till the war was over when he returned home and again took up his chosen vocation of farming which he followed till his removal to this city. Along with his farming he was a professional auctioneer and his services were in demand far and near and many thousands of dollars worth of property changed hands under his hammer. He also possessed a voice of unusual power and attractiveness and he was many times in demand when good singing was wanted. He was a charter member of Watson Post, G. A. R. of Murreyville and was commander several times.

In politics he was a staunch Republican and served his party with zeal and fidelity. He was narrowly beaten for sheriff on two occasions. He served his district in the lower house of the legislature in 36th general assembly and was many times a member of the county central committee. He was firm in his belief and was a loyal defender of what he deemed right.

In business he was always true to his word and his word was a bond against all he had. He was a good neighbor and devoted to his family at all times. In early life he united with the Methodist church in Murreyville.

In 1867 he was married to Miss Maria Wilson, who with an infant child died a year later.

In 1869 he was married to Mrs. Margaret J. Henry who survives him. They were the parents of four children, Mrs. Minnie O. Strang of White Hall, who died in 1912; Martha Eliza of White Hall; C. Justus of Murreyville, and Jessie, who died in infancy; also two step-daughters, Mrs. Rosa Bell of Manchester and Mrs. Lulu Ash of San Diego, California. The grandchildren are Helen, Donald, Eloise and Martha Strang, Lillian Moore, Mary Tankersley, Mabel Jourant, deceased, Hazel Ferris and John Edward Wright, Jr.

He was one of thirteen children, four died in infancy. James lives in Morrisville, Mo.; Mrs. J. K. Cunningham of Murreyville; Mrs. Granville Ash of Jacksonville; C. N. of Murreyville; Mrs. James Hill, Mrs. Charles Rimbley; W. B. and Mrs.

Deborah Hudes are dead. The Grand Army ritual will be conducted at the family residence on South Diamond street at 2 o'clock today after which the funeral train will proceed to Murreyville, where the other exercises will be held and burial in Murreyville cemetery.

## CONCORD BOYS RETURN FROM OVERSEAS DUTY

Several Returned on July 4—Joyful Patrons to Have Regular Mail Delivery Soon—Other Concord Notes.

Concord, July 7.—Among the boys who returned from overseas on July 4th we may mention Fred Nergenh, Arthur Yeck, Claud Noe of Concord, beside a like number from Chapin, Lee Fox and some days before, Donald Henderson came home from Camp Grant on June 29. He had been there about ten months. He started for Eureka Friday evening in answer to a telegram from his former employer, Fred Major. He will return here for an extended visit later.

Mrs. Vernon Brainer and child were visiting relatives near Pleasant View last week. Mrs. Brainer lives at McAllen, Texas, and has been visiting in Scott county.

Mrs. W. McCarty of Moweaqua, came to Chapin Saturday and called on her relatives at the home of Jacob Hoover. She came to attend the funeral of her niece, Mrs. Bayless. Her daughter, formerly Miss Sue McCarty, was also present.

Mr. Sconce of the vicinity of Decatur came Sunday for the funeral of Mrs. Bayless.

Mrs. Kate Ratliff and son George of Springfield were Concord visitors Sunday. Mrs. Ratliff will continue to visit in and near Concord.

Among others who attended the funeral of Mrs. Bayless were John Blimling of Murreyville, J. Warren Blimling of Lynville, Mr. and Mrs. Joseph Bourne of Jacksonville, John Goffinet and wife of Meredosia, George A. Brockhouse and family, Mr. McCarty, Mrs. Henry Brockhouse and perhaps others of Arenzville.

Wheat threshing commenced here on July 3d. A nice gentle rain fell Saturday night which was highly appreciated.

It is understood that the Joy Prairie patrons will receive their mail by a regular carrier before many days.

The writer had to plow corn on the fourth. Who ever saw corn grow so fast? Threshing, oats harvest, haying and corn plowing—don't tell us the farmer is not busy these days.

By invitation of the pastor, Minister J. W. Camp of Ancona, preached at the M. E. church Sunday evening at 8 o'clock.

## The Secret of a Superlative Tire

The whole question of a super-tire is a matter of principles. For there is nothing exclusive in the industry. No patents, no secret formulas prevent a conscientious maker from building the best.

But cost and competition modify ideals. The Brunswick idea is to pay perfection's price and get it.

That has been the Brunswick policy since 1845. And it accounts for the growing preference for Brunswick Tires. Motorists expect the utmost from a tire bearing the name of Brunswick—and get it.

You, too, will be convinced by your first Brunswick, that here is an extraordinary tire, and that more money cannot buy a better.

Better tires of their type are impossible—or better tubes. That we guarantee.

Try ONE Brunswick—learn how it excels.

## From County Agents Office

In a recent letter to members of the Farmers' club, County Agent G. B. Kendall has the following:

What will a ton of Limestone do?—In Southern Illinois it will produce 12 bushels of wheat, half a ton of hay, or 5 bushels of beans. These conclusions have been made by J. E. Readheimer of the College of Agriculture after a careful study of the data collected from Southern Illinois experiment fields. Do these figures lead you to believe that it is good business to add limestone costing \$2 per ton to acid soils? If they do, let us test your soil and order you a car of limestone. Orders should be made early to insure delivery at the time wanted.

Multiple Hitch Demonstration—We are arranging with Wayne Dinmore of the Percheron Society of America for a multiple hitch demonstration some time this month. I have seen this hitch used on plows and self binders and believe it is something you will want to see. Watch the papers and circular letters for the time and place.

Illinois Agricultural Association—This is the greatest Farmers organization in the state. It has already secured us a better price for wool, arranged for the marketing of wheat, run down several fraudulent schemes, and helped to kill the daylight saving law. We ought to belong to this Several have already enrolled in this organization. I am enclosing membership cards which I hope will be returned properly filled out and signed.

## DEATH OF ANNA SIMMONS

In a letter received by a friend here from Hon. M. F. Simmons of Kansas City, Mo., he tells of the passing of his beautiful daughter, Mrs. Denman Mr. Simmons will be recalled as editor of the Journal about 1875.

He wrote, July 5: "I know you will be interested to learn of the death of my eldest daughter Anna, Mrs. Chas. Denman of Des Moines, as you remember her very well and have often spoken of her. She died very suddenly last Saturday morning, June 28. She had a weak heart of long standing, resulting from fever and inflammatory rheumatism and in the last four years had several dangerously sick spells. "She had had a beautiful and happy life, had a delightful home as I ever entered and had hosts of friends. It is a sad blow to her family and all her friends. "Katherine and Minnie (Mrs. Campbell) and children live with me here in the old home. Ida, (Mrs. Lincoln A. Ferris) lives in San Diego, Cal."

**Quit Laxatives, Purges; Try NR**

**NR Tonight—Tomorrow Feel Right**

It is a mistake to continually dose yourself with so-called laxative pills, cathartics, oil, purges and cathartics and force laxative action. It weakens the bowels and liver and makes constant dosing necessary.  
Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough clearing out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold guaranteed and recommended by your druggist.

# 50c Molds Free

## Get a Full Set if You Use Jiffy-Jell

Pint Mold—Style—D  
For a Jiffy-Jell Salad or Meat Loaf

Jiffy-Jell is for salads as well as for desserts. And we offer this 50-cent aluminum mold for use in making salads.

Use Lime Jiffy-Jell for salads. Each package contains a bottle of lime-fruit essence, sealed. Added to Jiffy-Jell it makes a tart, green salad jell.

Some serve it with the salad as a zestful garnish. Some mix the salad into the jell while cooling. With cooked or uncooked vegetables this makes a salad loaf.

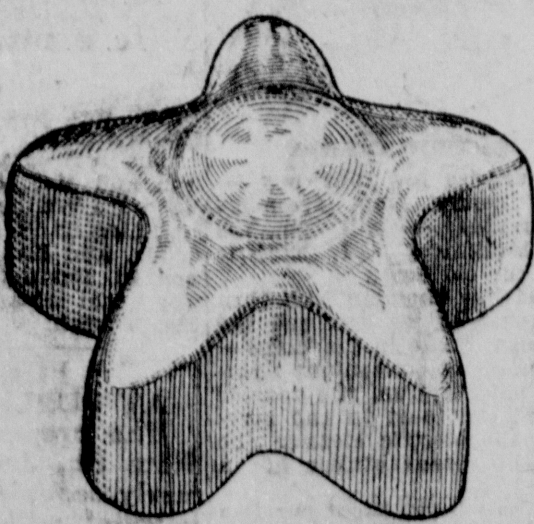

A meat loaf is made by mixing in meat scraps. This gives you meat in aspic—an ideal summer cold dish.

## We Supply the Mold

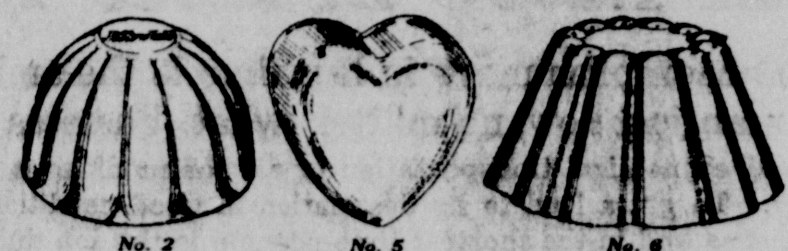

Pint Mold, Style D, serves a full package of Lime Jiffy-Jell with the salad or meat mixed in. It makes a flat loaf with six indentations to mark six individual servings.

Send us five end labels from Jiffy-Jell packages—the end labels naming the flavor—and we'll send you this aluminum mold.

Mint Jiffy-Jell contains a vial of mint. It makes a garnish jell, far better than mint sauce, to serve with cold meats or roast lamb.

Pint Mold—Style—H  
Our New Star-Shaped Mold

Individual Molds  
A Set of Six for Jiffy-Jell Real-Fruit Desserts

This is a 60-cent gift. These aluminum molds come in sets of six, assorted styles, valued at 10 cents each.

Send us five end labels from Jiffy-Jell packages—the end labels naming the flavor—and we will send the entire set.

Loganberry and Pineapple are two dessert flavors which we particularly want you to try. They are flavors which must be sealed to keep. So they were impossible in old-style gelatine desserts.

In Jiffy-Jell the fruit-juice essence comes in liquid form, in vials. So with all fruit flavors. There is a wealth of the real-fruit flavor, condensed from the fruit itself.

Include Loganberry, Pineapple, Lime and Mint in your purchase of Jiffy-Jell. Learn the delights of these liquid flavors. They have won millions of housewives to Jiffy-Jell.

**AN ORDINANCE** providing for  
acquiring the lands necessary in  
the construction of an impound-  
ing reservoir for storing water for  
the use of the City of Jackson-  
ville, and its inhabitants.  
Whereas, the City Council of  
the City of Jacksonville, did by  
ordinance duly passed on the  
20th day of May, A. D. 1918 pro-  
vide for the construction of an  
impounding reservoir and filtra-  
tion plant on the south branch of  
the Mauvasterre Creek; and  
Whereas, the dam for im-  
pounding the water is now being  
constructed; and  
Whereas, it is necessary that  
the lands which will be overflowed  
and otherwise used in the con-  
struction and maintenance of said  
impounding reservoir be acquired  
either by purchase or condemna-  
tion or otherwise;

Therefore,  
BE IT ORDAINED by the City  
Council of the City of Jackson-  
ville, Illinois,  
Section 1. That the City of  
Jacksonville, Illinois, by its pro-  
prietors, proceed to acquire by  
purchase or condemnation under  
the Eminent Domain Act of this  
state, or otherwise, all the lands  
necessary to be used for overflow  
and other purposes in the con-  
struction of the impounding re-  
servoir now in process of con-  
struction on the south branch of  
the Mauvasterre Creek near the  
City of Jacksonville.

Section 2. That the City At-  
torney be, and he is hereby au-  
thorized and directed, to institute  
and conduct in the name of the  
City of Jacksonville, Illinois, and  
all suits and proceedings under  
the Eminent Domain Act of this  
state, or otherwise, all the lands  
necessary to be used for overflow  
and other purposes in the con-  
struction of the impounding re-  
servoir now in process of con-  
struction on the south branch of  
the Mauvasterre Creek near the  
City of Jacksonville.

Section 3. Whereas an emer-  
gency exists, this ordinance shall  
be in full force and effect from  
and after its passage.  
Passed by the City Council of  
the City of Jacksonville, Illinois,  
at a regular meeting held on July  
7, 1919.  
Approved July 7, 1919.  
E. E. Crabtree, Mayor.  
R. L. Pyatt, City Clerk.

**Man Postpones His Funeral**

"I am 65 years old and for the past two years have been suffering so badly from stomach and liver troubles, bloating and colic attacks that I did not expect to live more than a few months and was arranging my affairs and even my funeral. Three doses of Mayr's Wonderful Remedy have entirely cured me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists—Adv.

**LIFT CORNS OFF IT DOESN'T HURT**

With fingers! Corns lift out and costs only few cents

Pain? No, not one bit! Just drop a little Frozone on that touchy corn, instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents.

Try Frozone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Frozone is the mysterious ther discovery of a Cincinnati genius.

**7 A DAY FOR 7 DAYS**

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and ease by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

**FASCINATING TEETH**

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clear, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clear and white, but it will at once remove any filmy coating, help to check the ravages of pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its safety has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

**INDEES DEFEATED DAWSON IN FAST GAME**

Both Teams Score all Their Runs in Seventh Inning—Game a Pitchers' Battle Between Smith and White—Latter White's Thirteen.

One of the fastest and most exciting games on the local diamond this season was that between Dawson and the Indies Sunday afternoon. When the smoke of battle cleared away the score was 3 to 2 in favor of the Indies.

The game was a wild and woolly exhibition in which both teams showed some home head work and the visitors kicked a great deal of the umpiring. Aside from one decision in which Smith called a foul ball fair we could not see that there was much kick coming on his work. In fact several times he favored both teams on decisions, but except for the one mentioned above they had no bearing on the result.

The visitors showed the best ball team that has been here this season. White fanned thirteen men, when they hit the ball they hit it hard and the luck broke with them by the balls bounding badly in the rough outfield. Smith pitched an excellent game for the visitors.

Their infield played a fast game and not an error marred their work. For the home team, Wheeler and Ruble also did fine work and Cooney pulled down a fly from the bat of Schultz in the fifth that was tagged for the force.

Harry Clark gave White great support back of the bat and dug the ball out of the dirt and kept him working all the time. White struck out five men in the first two innings.

Jacksonville should have won the game long before the seventh inning was reached had the men shown any judgment on the bases. In the second inning three men got on the sacks without an out. However weird base running retired two of them and Anders ended the inning by striking out.

**"BAYER CROSS" ON GENUINE ASPIRIN**

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monacacetin, a division of Salicylic Acid.

**LEMON JUICE FOR FRECKLES**

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—(adv.)

Chicago Stages Freak Double Play—Boston Ends Home Stay By Taking Two From Athletics.

Chicago, July 7.—Chicago bunched its hits on Ehmske today and defeated Detroit 8 to 3 in the final game of the series. A freak double play was made by Chicago. With Jones on first base, Stanage hit a swift grounder thru the pitcher's box. The ball struck the second base and bounced into E. Collins' hands. He threw to Weaver in time to force Jones at second and Stanage was doubled at first.
